## International Socrates Award Nomination Committee

---

Mr. Umesh V  
Managing Director  
TruJet

Dear Mr. Umesh V,

On behalf of the Socrates Nomination Committee, we would like to express our deepest respect to your company, and warmest greetings to yourself.

Every year, we analyse the relevant business information from the previous year and honour the prominent regional companies and CEOs who have demonstrated success on a regional level. The best regional business people were selected based on research carried out by the EBA analytic centre. Our research is based on data collected from national and international certification bodies, regional and national associations, congresses, forums, exhibitions, industry and regional media.

TruJet is known regionally for the quality of its goods and the services it provides, and has been evaluated by our Nomination Council. The council has recommended your company for the 'Best Enterprise' award due to your strong position in the national market, your business reputation, positive regional image, investment attractiveness and competitiveness.

Your company is held in high international esteem for its performance and effectiveness, vision and leadership, innovation, creativity, professionalism, exceptional managerial skills, business ethics, and corporate social responsibility in 2016, and as such you have been nominated for the title of 'Manager of the Year'. The Manager of the Year award recognises CEOs, company owners and top-level managers who have contributed to the success of their companies through advancing best management practice, and delivering high quality services for employees and customers.

Distinguished personalities representing regional businesses are to be acknowledged for their contribution to local economies and corporate successes at the **International Achievements Forum on the 28<sup>th</sup> of March in the Institute of Directors, London, UK**. The Institute of Directors has long been recognised as an influential and respected membership organisation in the UK. With more than 100 years' success, the IoD is a valued location for its members who include the most skilled and experienced business leaders in the world, representing the full business spectrum, from start-up entrepreneurs to directors in the public sector and CEOs of multinational organisations. The event programme is attached.

During the course of the forum you will be able to share your company achievements and success story with other attendees and promote any new developments you may have. We will be glad to see you at the forum and as part of the award ceremony participants and hope you will find it useful for future success.

Your participation is very desirable for us and to preclude any problems due to the time constraints please contact me for further information on the awards and to arrange the registration.

Anna Jones
